1. Introduction

This set of instructions is given in the style and format to be used by authors preparing camera-ready abstracts for the 6th Int. Symposium on Control of Semiconductor Interfaces (ISCSI-VI). Papers to be presented at the symposium will be selected by the Program Committee on the basis of the content from submitted abstracts. The abstracts should clearly and concisely state the specific results of the work and its originality. The abstracts of accepted papers will be printed as received and bound in the Abstracts book for the Symposium. All the authors of invited papers and contributed papers are expected to carefully follow the instructions.

2. General Instructions

The submitted abstracts must be in English, camera-ready in two pages including all figures and tables. The body of the abstracts must prepare to fit within an area of 17.0cm x 24.7cm in A4 size (or 8.5" x 11": US letter size) white bond paper. For A4 size papers, set top and bottom margins to 25mm and left and right

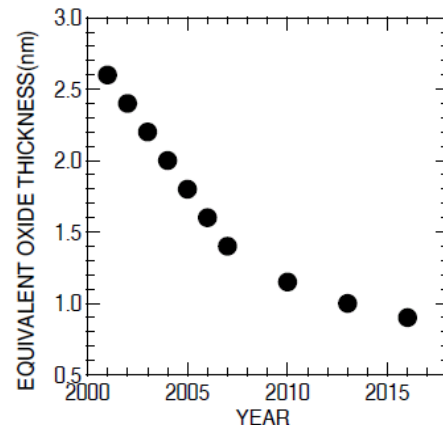

Fig. 1 Reduction of equivalent oxide thickness vs. year referred from the 2002 ITRS road map. This is an example.

margins are to be 20mm. The first page of abstracts should be headed by the title, author(s), affiliation(s), address(es), contact author's phone number, fax number and e-mail address. The title should be written with bold letters and use capital letters for the initial letter of each word except articles, prepositions and conjunctions. Place a blank line between the title and author name(s), and between the author address(es) and the main text. The main text of

Table 1 Brief Instructions

Format	A4 size (or 8.5cmx11cm) white bond papers
Type	single-spaced in two columns (column separation: 5mm)
Typing area:	17.0cm x 24.7cm
Margins:	25mm for top & bottom in A4 20mm for left & right in A4
Desirable Fonts:	Time New Roman
Fonts Sizes & Style:	16 points Bold for Title 12 points for Author/Affiliation section and main text 12 points bold for section headings in the main text 10 points for References, Acknowledgments, Figure & Table captions
Section separation:	single blank line
References:	designate by square brackets like this [1]

the abstract must be single-spaced throughout in the two columns with full justification. Set the column separation to 5mm. A blank line is to be placed between the sections but no blank lines between the paragraphs in each section. The section headings should be given by bold letters.

Fonts

Font styles and sizes as specified in Table 1 are desirable.

Figures and Tables

A blank line is to be placed between the text and the figures and tables. Large figures and tables may span both columns. Photographs should have a high contrast in black and white. Figure captions should be placed just below the corresponding figures and table captions above the tables.

References

All the references are indicated in the main text by a number in square brackets on the line like this [1], and the full reference should be given in a numerical list at the end of the abstract.

3. Submitting the abstracts

The author(s) is requested to check spelling and carefully proofread your abstracts. Sending PDF format abstract file and filling up the application form on a submission World Wide Web site (the site information will be announced at the symposium web site

[http:// www.murota.riec.tohoku.ac.jp/ISCSI6/](http://www.murota.riec.tohoku.ac.jp/ISCSI6/)

) with following the guide.

The deadline for receipt of the abstracts is

February 1, 2011

Please note that no submission by Fax or mail will be accepted. The author will be notified of the committee's decision on the submitted abstracts tentatively by March 15, 2011.

4. Conference Proceedings

The Conference Proceedings will be published as a special issue of major journal. The authors are requested to prepare your manuscript as an original paper and submit it the manuscript room during the symposium. Your paper will be published after the usual reviewing process. The full paper submission dead line is May 27, 2011.

Conclusions

A model abstract for the Symposium has been given.

Acknowledgment

The committee members concerned would like to express sincere thanks to all the contributors to the ISCSI-V for their cooperation in the program.
